

The GS-302 Garden Speaker is a compact speaker that is ideal for applications such as paging and background music broadcasting in various locations such as gardens, theme parks, resort facilities and others. The exterior is formed of corrosion-resistant material that gives it an extended service life in adverse environments (IPX4 category).

The Garden Speakers inconspicuous design enables it to be easily installed in the middle of garden shrubbery and virtually disappear into the surroundings.

Article number:GS-302

Specifications
