VIDEO ENTRY/ CDV-43 - Additional monitor

Product description

The CDV-43 is a 4.3 inch colour, TFT monitor with touch sensitive buttons for use with our 2EASY 2-wire bus video entry system.

The new stylish design has the option of a GSM module allowing call forwarding to a mobile phone, it also features a wide view IPS panel at 420 x 280 pixels resolution. The modern styling suits all environments and is compatible with all CDVI door stations.

The 2EASY system from CDVI offers convenient and high quality video entry. The 2-wire, non polarised, enables easy installation.

Key features

- Slim 4.3" TFT-digital monitor
- Black or white stand (optional)
- Touch sensor buttons
- 2-wire non polarised connection
- Call divert via GSM module (optional)
