

Datasheet

PROXIMITY READERS/ DTRR1434 - Long range reader

Product description

Digitag LR is an innovative product range offering users real "hands-free" access control at affordable prices.

Digitag LR is ideally suited for use in hospitals, residential homes, areas of stock movement or simply where the convenience of hands-free access control is preferred.

By providing a changeable battery, the tags have a longer lifespan.

DTRR1434

DTXT5435
