

## Datasheet

### PROXIMIY READERS/ DGLP-TWLC - Panel mount

#### Product description

The DGLP-TWLC is a weather resistant panel mount proximity reader.

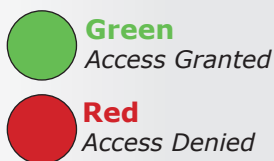

Its small profile makes it ideal for retrofit installation and connection is easily done.

Suitable for indoor and outdoor use, this proximity reader can be fully integrated with access control systems.

#### Key features

- Weather resistant thanks to its resin mould
- Flush mount
- Audible and visual feedback
- Multicoloured LED's

 *Certification*
