ACCESSORIES/ MSPB - Microswitch Push Bar

Product description

The MSPB is a microswitch push-bar designed to be mounted to a door leaf. It is ideal for releasing magnetic locks. Pressing on the bar will activate a microswitch, de-activating the locking device in an emergency exit application.

The units are available in Satin Anodised Aluminium or in a gloss green finish (special order).

The bar can be cut down to 680mm for fixing to narrower door leaves.

Key features

- Microswitch push bar
- Simple surface mount
- Double pole switch COM/NC/NO
- 860mm wide (can be cut down to 680mm)
- Ideal for releasing magnetic locks
